Dolby Atmos speaker setups: What do these numbers mean?

When shopping for Dolby Atmos home theater components, you'll see a new way of describing speaker configurations.

7.1.4

This refers to the number of traditional surround speakers (front, center, surround, etc.)

This number refers to how many powered subwoofers you can connect to your receiver.

This refers to how many overhead or Dolby Atmos enabled speakers you can use in your Dolby Atmos capable setup.
